

Miller & Rhoads

Mail Orders Filled at Advertised Prices

Men's \$5 to \$7 Pajamas

Made of Soisette—a silk and cotton fabric. Beautiful patterns in all white or fancy stripes. **\$2.48**

Low neck or with military collar, trimmed with silk frogs. Samples of regular five to seven dollar Pajamas that we're offering for half price and less.

A moment's inspection of these garments will prove to you that they're the greatest values at \$2.48 you ever saw.

Men's White Negligee Shirts

Flat satin stripe madras, that won't crack when it gets into the laundry. **50c**

Cut full width and length. Correctly sized, reinforced seams. Well laundered. All sizes.

Do you know that the cloth in these shirts is of a BETTER quality than you'll find in many a dollar shirt? Nothing like them for value any where at 50c.

HIGH SCHOOL FINALS GREATEST EVER HELD

City Auditorium Crowded with Friends, Who Cheer Graduating Class.

THE SCHOLARSHIP WINNERS

Full List Announced After Sharp Contest—Address by Mr. Eggleston.

Completely overshadowing both in point of attendance and enthusiasm any previous occasion of its character in this city, the thirty-fifth annual commencement of the Richmond High School was held in the City Auditorium last night, nearly every seat in the building being occupied.

The address to the graduating class was delivered by Hon. Joseph D. Eggleston, Jr., State Superintendent of Public Instruction, whose subject was "A Call to Civic Duty." It was the source of deep regret, freely expressed, that Superintendent William F. Fox, the first principal of the High School, was detained at his home by illness. Mr. Fox was on the program to deliver the diplomas to the graduates, this part having been taken by Charles Hutzler, chairman of the City School Board. Principal James C. Harwood was master of ceremonies.

An inspiring picture. The sight was indeed an inspiring one. Directly back of the stage in an amphitheatre built especially for the occasion, sat all the pupils of the school, the graduates in evening dress being seated in the centre.

Members of the School Board and prominent citizens occupied the space on the stage not taken up by the band, and those who took part in the exercises. The hall was brilliantly lighted, while in front of the stage, from end to end, was fairly banked with flowers, sent by admirers of the young men and women who received diplomas.

One of the chief musical attractions was the High School chorus. Under the direction of Professor Walter C. Mercer, who has charge of the music department, the chorus rendered a number of songs of selections, having been entered time and again by the great audience.

It was 8:25 o'clock when Professor Harwood called the gathering to order, here being but few vacant seats in the house. He congratulated the city upon the interest taken by the people in the cause of education, calling attention to the fact that never before had such a large audience attended a High School commencement in Richmond.

After a song by the chorus, Miss Theresa L. Johnson fairly captured the audience by a recitation, entitled "The Sailing of Kins Olat." The girl's Glee Club rendered a song amid much applause, being followed by Harold Calisch, who declaimed "The New South" in a most entertaining manner.

BRAIN BUILDING

How to Feed Nervous Cases.

Hysteria sometimes leads to insanity and should be treated through feeding the brain and nervous system with scientifically selected food that restores the lost delicate gray matter. Proof of the power of the brain food, Grape-Nuts, is remarkably strong.

"About eight years ago when working very hard as a court stenographer I collapsed physically, then nervously, and was taken to the State Hospital for the Insane at Lincoln, Neb., a ravaging mania.

"They had to keep me in a straight-jacket and I was kept in the worst ward for three months. I was finally dismissed in the following May, but still had brain work for years, until last fall when I began to take the testimony in two cases.

"One of these was a murder case and the strain upon my nervous system was so great that I would have broken down again except for the Grape-Nuts. When I began to feel the pressure of the work on my brain and nerves I simply increased the amount of Grape-Nuts and used the food more regularly.

"I now feel like my old self again and am healthy and happy. I am sure that if I had known of Grape-Nuts when I had my trouble, or if I had never had my trouble, and this dark experience in my life would never have happened.

"The power of Grape-Nuts as a brain food is simply wonderful, and I do not believe an stomach or a weak that cannot digest this wonderful food."

"There's a Reason." Look for the little book, "The Road to Wellville," in pkgs.

THE TIMES-DISPATCH SCOUT CAR TO MEET HERALD-JOURNAL SCOUTS AT EMPORIA

Gospel of Good Roads to Be Preached Along Route Through Virginia.

WELCOME TO PATHFINDERS

Richmond Newspaper Will Escort Party All the Way to Washington.

Under the auspices of The Times-Dispatch, a special scout car will be sent this week to Emporia to meet the New York Herald and Atlanta Journal scout cars, en route from Atlanta to New York, and act as their escort over Virginia soil. The Times-Dispatch's thirty-horsepower Chalmers-Detroit, will pick the way for the Herald's White steamer and the Journal's Oldsmobile from Emporia to Washington.

It is not exactly known just when the party will be here. A dispatch to this newspaper from the Atlanta Journal yesterday stated that the pathfinders would reach Columbia, S. C., about 10 o'clock, and about thirty miles from that city last night after a good run from Atlanta. From Columbia the route will be via Raleigh, Petersburg and Richmond, the idea being to touch the capitals on the trip to New York.

First of Its Kind to Go. On its way South from Manhattan the Herald's scout was met at scores of towns by delegations, members of which were enthusiastic about the gospel of the trip, which is to preach the gospel of good roads. In Virginia, there was not much of a demonstration, the pathfinders having attracted most attention in the Carolinas and Georgia. It will not be that way in the Old Dominion, the second leg, however, for the public has realized the importance of the good roads movement, and from Emporia to Alexandria there will be a never-ending evidence of Virginia hospitality.

Although the commercial organizations, automobile clubs and citizens generally have shown special honor to the scouting parties, no newspaper has equipped its own scout car. The determination of The Times-Dispatch to blaze the way has met the cordial approval and commendation of the Herald and the Journal.

To Make Quick Run Here. The thirty-mile run to Emporia will be made easily in a short day. The Chalmers-Detroit, which can "weather" the roads as handily as a tug can steam about in rough waters, will be driven by William F. Gordon, editor of the Times-Dispatch. Beside Mr. Gordon, the car will carry a representative of The Times-Dispatch and a mechanic, and the compliments of the season and other things will be passed along as the other newspaper cars are sighted off Emporia.

When advised yesterday that the dispatch car would be waiting at Emporia, the Journal immediately began sending bulletins, which will enable this newspaper to know when to start the work from the end and had conducted so well and successfully that there was no difficulty in showing just why this city should be named. It was pointed out by Mr. Dabney, Mr. Peters and Mr. Corley that Richmond was close enough to New York that it was near the centre of commercial civilization, and that all other things being equal it was the most advantageous meeting place.

Since the Chamber of Commerce first began to advertise Richmond as a convention city the cordiality with which invitations have been received has given the utmost encouragement to the work. While it was hardly expected that the Shirliners would come here this year, the framework was laid to insure them in two years hence. Many assurances were given by members of the Shrine at Louisville that Richmond's turn would come next.

CHILD TAKES POISON. Floyd Hudson Svallova Big Does and Then Screams for His Mother. Attracted by screams from the nurse, a child, one year old, of 617 Federal Street, rushed into the room early last night to find her child in intense pain and a half bottle of medicine by its side. Half the contents had disappeared. Dr. Cosby, of the City Ambulance Corps, was summoned, and found the infant in a dangerous condition. He ascribes the illness to poisoning. The box was left in the house by a visitor, and as it was not labeled, the character of the dose was not learned. The child is in a dangerous condition, but is expected to recover.

Building Permits Issued. The following permits were issued yesterday by Building Inspector Beck: August F. Grimmel, to build a two-story brick tenement on the west side of Mosby Street between Pleasant and Venable, to cost \$8,000.

P. and C. Schueller, to build a two-story brick tenement on the east side of Colonial Avenue between Cary and Taylor Streets, to cost \$3,000.

Mrs. L. E. Davis, to repair brick stable at 208 North Monroe Street, \$150.

Everett Wilkinson, to repair a frame dwelling at 403 1-2 Denny Street, Fulton.

Tucker Invades Valley. Harry St. George Tucker, one of the candidates for Governor, is spending the remainder of the week in the Shenandoah Valley.

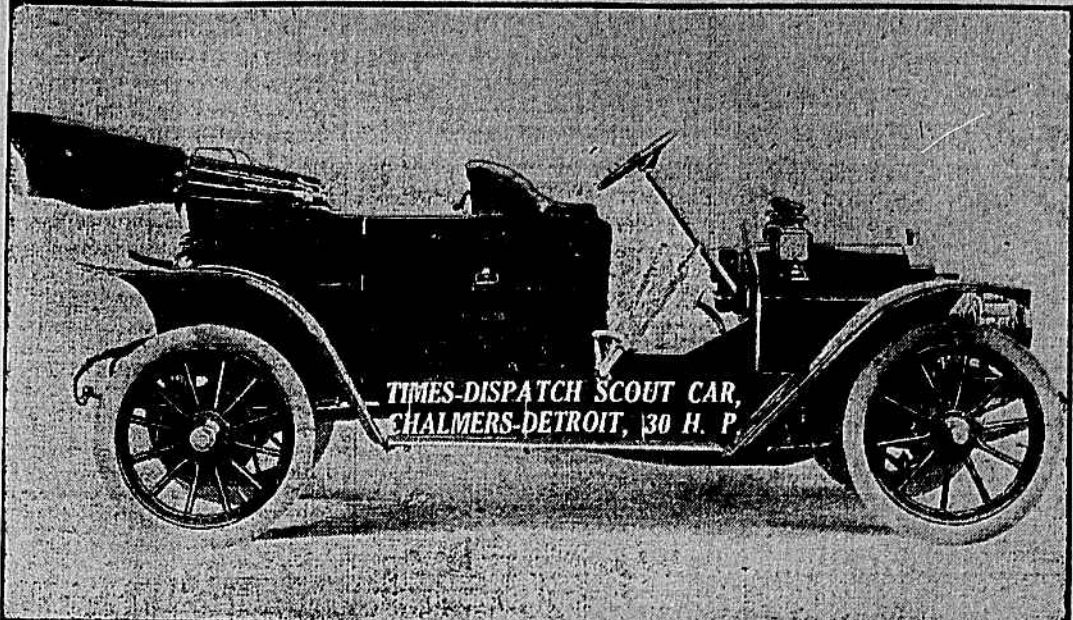

Asks About Argus Gold Company. The State Corporation Commission has addressed attention to the agent of the Argus Gold Company in this city, asking by what authority the company is operating in the State, no record of its formation existing in the records of the commission.

Returned to Emporia. Cleve Epps, of Emporia, who was arrested yesterday at the request of the authorities of Greenville county, was last night turned over to an officer who was sent after him. He is charged with obtaining \$5 from a Mrs. McGinn on Sunday. The judge will give a hearing in Greenville county to-day.

Returned to Emporia. Cleve Epps, of Emporia, who was arrested yesterday at the request of the authorities of Greenville county, was last night turned over to an officer who was sent after him. He is charged with obtaining \$5 from a Mrs. McGinn on Sunday. The judge will give a hearing in Greenville county to-day.

Returned to Emporia. Cleve Epps, of Emporia, who was arrested yesterday at the request of the authorities of Greenville county, was last night turned over to an officer who was sent after him. He is charged with obtaining \$5 from a Mrs. McGinn on Sunday. The judge will give a hearing in Greenville county to-day.

PIANO MAKERS WILL COME HERE

Chamber's Delegation Sends Glad Tidings That It Won Over Other Cities.

Telegrams were received here yesterday from Detroit announcing that piano manufacturers, representing practically every section of the country, will hold their annual convention in Richmond next year. The first news of the victory over other cities came in a message to the Chamber of Commerce, through whose good work the vote was won. From J. G. Corley, R. Lee Peters and W. T. Dabney, the delegation which was sent to Detroit to present Richmond's claims.

The convention, which will be in session for six or seven days, will bring more than 1,000 people here. There are three branches of the association—manufacturers, dealers and traveling men hereabout. Besides Mr. Gordon, the car will carry a representative of The Times-Dispatch and a mechanic, and the compliments of the season and other things will be passed along as the other newspaper cars are sighted off Emporia.

When advised yesterday that the dispatch car would be waiting at Emporia, the Journal immediately began sending bulletins, which will enable this newspaper to know when to start the work from the end and had conducted so well and successfully that there was no difficulty in showing just why this city should be named. CHILDREN'S CLUB REUNION TO-DAY

Governor Swanson to Address Young People at Woman's Club—To Award Prizes.

The fifth annual reunion of the Children's Club of The Times-Dispatch will be held at 3:30 o'clock this afternoon, in the auditorium of Woman's Club.

The Rev. James Morris, rector of Monumental Church, will make the opening prayer, and Governor C. A. Swanson will deliver the address.

The award of medals and prizes will be made to the members of the Children's Club by Lieutenant-Governor J. Taylor Elyson, Colonel Charles E. Wingo will present the prizes to winners in the essay contest conducted recently by the American National Bank.

The music will be directed by F. E. Cosby. The Rev. James Morris will pronounce the benediction. From 6:30 to 8:30 this evening an additional entertainment will be given in Woman's Club parlors, at which it is hoped that the boys and girls, club members, their friends and the friends of the cause will be highly entertained.

This reunion closes another year of good work and satisfactory progress of the young people in Richmond and Virginia, who belong to the Children's Club of The Times-Dispatch. It is expected that many of the young members will be present to co-operate with the Richmond girls and boys in making this reunion an epoch in club history.

The delivery of prizes won in the American National Bank essay contest will add to the interest of the occasion, awakening on the part of others the liveliest congratulations over the success of the contestants who will thus receive the reward of merit.

In short, there is so much of pleasing and good following in the prospect for all attending this reunion, that there is just one thing left to regret, and that is that some boys and girls cannot come, to have their share of the enjoyment which is sure to rule the hour.

SHOPE IN JAIL AGAIN

Wife Had Rather See Husband in Prison Than Ask for a Divorce.

Mrs. Mary Shope, who was advised by Justice Crutchfield yesterday to get a divorce from her husband, last night appeared at the First Police Station and swore out a warrant charging him with threatening her. Mrs. Shope has made numerous complaints, but invariably Justice Crutchfield has found the man to be in the right. Shope was arrested, and spent last night in the city jail. He gave no evidence of having been drinking, and declares he will apply for a separation before the wife has a chance.

Damage Suit Settled. The suit of John W. Timberlake, Jr., against the Richmond Cedar Works, was dismissed from the docket in the Law and Equity Court yesterday. The suit was for damages for a compromise had been agreed upon.

HUMBUG ECLIPSE, SAYS DR. TAYLOR

Noted Astronomer Thinks We May Get a Glimpse of It from Church Hill.

"This eclipse business, as far as we are concerned, is a snare and a delusion," said Dr. William H. Taylor, who is considered an authority on things celestial. "There is no use for us to smoke glasses, or try to see it. When the sun is hidden to-morrow evening, it will have been so far spent here that it will be beyond the horizon. It is barely probable that Church Hill people will see the last stages."

"I don't even expect to leave my study, although I am much interested in astronomical phenomena, provided they happen at the proper time. I regard this eclipse as a humbug. The Chinese may get a good view of it, and probably other persons on the globe may marvel at it, but we are not to be among the favored. It is a shame to be slighted, but we must grin and endure it."

At 6:30 o'clock to-morrow afternoon, if the eclipse is to be seen here at all, the best view of it will be had from Church Hill. It will be seen at 7 o'clock, and in Washington a few minutes before that hour. It will be visible on the Pacific coast at 3:30 o'clock, and will be seen most plainly in Seattle, Wash. The eclipse in the best view will be annular, will change to total, and then return to annular.

The central line of totality begins southeast of Tornak in Siberian Russia, travels eastward and crosses only a few miles south of the North Pole and skirts the east coast of Greenland, where totality ends near Svalbard.

The eclipse as a partial phase of greater or lesser magnitude sweeps over the larger part of the North American Continent, decreasing in size as it passes down through Canada and the United States.

ASK CITY ATTORNEY HOW TO PROCEED

Members of Council Want Legal Explanation of Electric Plant Bid Status.

Exactly how the Council Committee on Electricity will proceed in the matter of bids for the municipal electric plant equipment was not made clear yesterday. The resolution providing that the contract be awarded to the General Electric Company was killed on Monday night when the Common Council refused to pass it over the veto of the Mayor. The whole question of bids is again in the hands of the Committee on Electricity, which must settle it in some way and return it to Council in new form.

Around the City Hall yesterday the opinion was rather freely expressed by members of Council that a resolution will be prepared recommending to Council the award of contract to the General Electric Company on the same identical figures which were contained in the resolution the Council has heretofore killed.

It was pointed out, moreover, that the resolution would only require a majority vote, though it would have to go again to the Mayor, and if he vetoed it, a two-thirds majority would be required subsequently to make it a law. Those members who advocated the new resolution and majority vote seemed to forget for the moment that it would need approval.

There is another element in Council, however, which believes that not only the letter, but the spirit, of the proposition was defeated, and that the proper, indeed the legal, thing to do, is to go back to the starting point and call for new bids. But while everybody was more or less in doubt, it was explained that the City Attorney would be asked for an opinion, and that Council would be governed largely, if not altogether, by what he had to say.

Postpone Inspection of Roads.

Because one of the automobile owners was unable to go to-day, the inspection by the Henrico county supervisors of the public roads has been indefinitely postponed. It is probable that another date for the inspection will be fixed upon until after the July meeting. Though first inaugurated last year this is considered one of the most important factors for the improvement of the public roads, and will certainly be done at a later date. If the roads are not too bad the board will try to cover all of them in one day.

Damage Suit Settled. The suit of John W. Timberlake, Jr., against the Richmond Cedar Works, was dismissed from the docket in the Law and Equity Court yesterday. The suit was for damages for a compromise had been agreed upon.

CASHIER ALLEGED TO BE DEFAULTER

Horace L. Brown Is Charged with Stealing Tickets from Street Railway.

Horace L. Brown, of 1700 Floyd Avenue, an assistant cashier of the Virginia Passenger and Power Company, was arrested last night by two detectives on a warrant charging him with the theft of car tickets. It is alleged that Brown, by some method not known either to the police or officials of the road, held out the tickets from his reports while serving at the Reservoir office. The exact amount involved in the alleged default is not stated.

At the Reservoir office last night it was stated that Brown had been sick for several days, but no one knew of his arrest. He is the man to whom the conductors of the various roads made their reports after their daily trips. It is understood that the corporation will not press the prosecution. The case will be called in Police Court to-day. Brown was released on \$500 bail.

The captain of detectives stated that Brown gave himself up yesterday afternoon, but was not arrested at the request of railway officials.

Investigate Divorce Case. Mrs. Annie Marks has made an application to the Chancery Court for a reopening of the hearing upon which her husband was granted a limited divorce. Mrs. Marks claims to have been in London on the day the divorce was granted. The husband was in Police Court yesterday on a charge of beating the wife. Detectives are investigating the case.

Hear Murder Case To-Day. John Grady, colored, will be tried for the murder of a white man, killed by Grady, confessed to the killing, but claims self-defense. After the killing the body of the murdered man was taken into the street by Grady, who called the ambulance.

WILL SELL BONDS IN LUMP BLOCK

Board Declines to Dispose of Them in Dribblets, as Urged by Ellett.

HEAVY DOCKET IS CLEARED

Ordinance Providing for Additional Tax Collectors Killed Again.

With two exceptions, business transacted by the last sessions of the Common Council, which could be legally handled at this time, was concurred in by the Board of Aldermen last night in a long and tedious session.

First of the measures to meet the disapproval of the Board was a resolution requiring that a printed synopsis of business to be brought before Council meetings be printed at least two days before the meeting, and that no other business be considered except by a two-thirds vote. Mr. Adams advocated the bill, saying it would post members so that they would be able to handle all business with more intelligence and dispatch.

Messrs. Gunst and Powers took issue with him on the ground that important matters might come up at short notice, and that it would greatly hamper the proceedings to be forced to have a recorded vote on all such occasions. "I am not in favor," said Mr. Gunst, "of having a program or a bill of fare served up to me at every meeting of the Council." Others were of the same opinion, and the resolution was lost.

No More Tax Collectors. Next to be discarded was the resolution providing for additional tax collectors to take charge of amounts under \$5, which could not be secured by the usual means of delinquent taxes, the pay for those men to be 20 per cent. of the amount collected. Mr. Ellett advocated and stated that in his opinion, from \$7,000 to \$10,000 could be saved for the city annually by its means. Opponents were of the idea that what new men could get for 20 per cent. could be collected by the men now employed at the present compensation of 5 per cent. As has been the case several times before, it was voted down.

Chief among discussions for the night was that concerning the recommendation of the Finance Committee and the Common Council that the \$1,500,000 in city bonds be sold in a lump to the Eastern National Bank at the rate of 100 cents. Mr. Ellett, after stating that he was not in the committee when the action was taken, said that it was not good business to make this disposition, for the reason that the entire amount of money was not at the time needed by the city, and that while the surplus was in bank drawing only 3 per cent., the city would be paying 4 per cent. on the entire issue.

Mr. Adams explained that had the bonds been offered in parts it would probably have been impossible to place them at par; that it was at the suggestion of prominent financiers that the bid of the Eastern National Bank was recommended. He also said that the bonds would be placed as private investments, thus practically taking them off the market, avoiding the likelihood of flooding the market with Richmond securities in case the city should need more within the next few years.

Mr. Satterfield thought it was a good bargain for the city because it meant "100 cents for every dollar." The Board concurred by a vote of 1 to 3, those voting against the measure being Messrs. Ellett, Gunst and Hobson.

Horace L. Brown Is Charged with Stealing Tickets from Street Railway. Horace L. Brown, of 1700 Floyd Avenue, an assistant cashier of the Virginia Passenger and Power Company, was arrested last night by two detectives on a warrant charging him with the theft of car tickets. It is alleged that Brown, by some method not known either to the police or officials of the road, held out the tickets from his reports while serving at the Reservoir office. The exact amount involved in the alleged default is not stated.
